

We'd like to hear from you!

While you're listening to the presentations today, please think about the following questions and provide us with your thoughts. If you want us to talk about something today, please write it on the index card and we'll try to get to it.

TODAY'S TALK

What "take away" messages did you get from the data presented today?

Are there additional interpretations that we should consider?

Please describe how your experiences are similar or different from the patterns that we described.

IDEAS FOR CHANGES

Did any of these results give you ideas for things that should change in your department? At UNL? Please tell us what you're thinking...

FUTURE SURVEYS

Are there topics or issues that you think are important that were not included in the surveys so far?

Do you know any faculty members who have left UNL? Have we captured reasons why they left?
